International DJ

01

The story of DJ Rudi began in Saint Petersburg in the early 2000s. Performing as DJ Radius, he became a resident of the experimental club Planeta, one of the venues that helped shape the city's emerging club scene. From the beginning, he moved beyond a single genre, building each set as a complete mood.

02

In 2006, Rudi appeared at Dance Planet Tendance alongside Tocadisco, Fedde Le Grand, Marco V and other artists. In 2007, he joined the lineup of Castle Dance Ice Edition, gaining experience across large dancefloors and different audiences.

20+ years behind the decks

03

Over the years, his sound became softer, deeper and more precise. Direct club energy gave way to balearic, downtempo, disco, deep house and rare vinyl records. In 2017–2018, DJ Rudi performed as part of the Stereoieto festival program.

04

Today, DJ Rudi lives and plays in Phuket. His residencies and performances include OUTRIGGER Surin Beach, Carpe Diem Beach Club, Zuma Bangkok and Fira Beach Club. He also hosts OFM Balearic on Bangkok Community Radio and continues to tour internationally.
